**SYNOPSIS:**

Staged as the first part of a triple-bill Worlds Apart, Voyage of the Silja Star is a story about pirates and a tribute to the well-loved tropes of the 80s science fiction. Join the crew of a spaceship with a dodgy airlock and a mysterious cargo on board - left drifting without their captain, what will be the inevitable cause for the collapse of this unlovable bunch of space pirates?

Devised by the company.

Special thanks to Sharon Cheng.
